last Tuesday Selectmen met with ORR school officials, school committee members and interested residents and announced the date and the two articles on the warrant.

Selectmen Chairman John N. DeCosta explained there will be only the two school articles on the warrant so there will be no confusion as to the issues being voted upon. If the second article is passed it will give the School Committee its 11 percent budget increase, he noted.

The first article is the petition seeking $94,591 to pay for the increase over the originally proposed budget. Chairman DeCosta said as proposed the article does not spell out the town's share of the budget, but just the increase. He added it is possible the Finance Committee will recommend tabling action on this article. The Chairman said the first article has to be placed on the warrant because the Board of Selectmen is legally bound to place a petitioned article on the warrant. He explained the tentative date of September 3 for the town meeting was made while the town moderator was on vacation and a date had to be set by law within 45 days.

The second article, prepared by

the school district's law firm of Ropes and Gray, is "wholly consistent with the form in the petition and would make clear the intention that the entire amount certified to the town is provided". The article reads: "To see if the Town will vote to raise and appropriate, borrow or transfer from available funds the sum of $94,591, in addition to the sum of $1,365,377 previously appropriated for the same purpose, to pay the Town's apportioned share of the Old Rochester Regional School District budget for fiscal year 1988, or take any other action".

Spokesman for the law firm, Henry L. Hall, Jr., wrote: "This article is to be used in conjunction with the forthcoming Mattapoisett Special Town Meeting to act on an additional appropriation for the Town's share of the Old Rochester budget for fiscal 1988."

Chairman of the ORR District School Committee Dr. Manuel C. Rosenfield said, "We will ask the petitioners to withdraw their article. If they do not, we will ask it to be tabled." Dr. Rosenfield said, "On behalf of the Old Rochester Regional District School Committee, I thank you (Selectmen) for acting so quickly. Special Election will depend on the action taken at the Special Town Meeting. The Finance Committee is working on the amount of free cash the town will have available by August 27, and a more definite answer will be known at that time. If the amount voted exceeds 2½ percent over the limit allowed under the law, a special election will be necessary.

School Superintendent Joan M. Walsh announced legislation that would temporarily solve ORR's budget crisis has passed the Senate and the House and is now awaiting the Governor's signature. She said the Governor must sign the bill within 10 days or the bill becomes inactive. Miss Walsh expressed confidence the bill will be signed by the Governor.

ORR School Committee Chairman Rosenfield said he and Superintendent Walsh asked State Senator William Q. MacLean, Jr. (D-Fairhaven) to introduce a bill that would allow ORR to operate at last year's funding level by assessing its three member towns on a month-to-month basis until November 15, when the district must have a permanent budget.

the office of the Board of Selectmen as soon as possible.

APPOINTED Richard Gamache of the Finance Committee to represent his committee on the ORR Advisory Committee. The first meeting of the Committee will be held on August 20 at 7:00 p.m. at the high school cafeteria.

ANNOUNCED the Town Hall office of the Treasurer/Tax Collector will be closed to the public on Wednesdays until further notice. This step has become necessary to assure that the daily work of the office can be completed in a timely and cost effective manner.

Treasurer Kathleen Briggs encourages all residents to take advantage of the mails and the outside drop box for the payment of bills or requests for Municipal Lien Certificates. Town payroll checks will be notified on Thursdays.

WERE NOTIFIED BY Rochester Board of Selectmen that they have voted unanimously in conjunction with Mattapoisett Selectmen's wishes to seek an audit of Old Rochester Regional High School books. The Rochester Selectmen feel "the audit of the books at ORR is an obligation which the committee is responsible for".

WERE NOTIFIED by State Senator John F. Parker (Taunton) that he will now represent Mattapoisett, replacing Senator William Q. MacLean. This change resulted because of a major redistricting of the State Senatorial Seats.

Board of Appeals Decisions

CEASE AND DESIST TO
ENSIGN MARINE SPECIALTIES
by VIRGINIA ARRAL

Steven and Joyeuse Ruel, doing business as Ensign Marine Specialties at 123 Fairhaven Road and using property owned by Mary Linhares at 117 Fairhaven Road, have been ordered by the Building Inspector, David Crook, to "immediately cease and desist from use of Mrs. Linhares' lot for the placement of storage of boats or marine equipment of any kind or nature; and further ordered to remove all boats and marine equipment from the premises on or before August 31, 1987."

The Board of Appeals has determined the use being made of the premises is in violation of the Zoning By-Law in the absence of a Special Permit of the Appeals Board authorizing a change of use of the premises. (In recent years the lot was used for the towing and storage of automobiles.) The lot, located in General Business District, fails to meet the minimum requirement of 100 feet frontage for construction of a building in a General Business District.

The Building Inspector found approximately 21 boats placed on the lot in an oral agreement for con-

sideration between the Ruels and the appellant (Mrs. Linhares). At the hearing June 25, Steven Ruel and counsel acknowledged the placement of the boats, but stressed the boats were not stored on the lot but rather were placed there for resale. For purposes of this appeal, the Appeals Board considered this a distinction without a difference. Whether the boats are stored or placed, the Board is satisfied, and find, the activity constitutes a change of use of this non-conforming lot requiring a Special Permit. The appellant (Mrs. Mary Linhares) has made no application for a Special Permit for such change of use as of this date.

The original cease and desist order of the Building Inspector of May 26 is affirmed, and the appellant must cease and desist from all boat storage activity on her property.

P.A.I.N.T. ORR

Both prep and paint weekends at ORR are now over. The original list of work to be done has been completed as well as additional painting. The volunteer painters did some exterior doors, poles, extra hallways, additional spots in the lobby, and a touch-up in the cafetera. These projects were done over and above the original set of painting goals.

The committee was very pleased and overwhelmed by the amount of community support given by the three towns. Literally hundreds of volunteers worked over the course of the two

Another source of invaluable help were Greg Bussiere and his six man crew. These professionals gave 72 man hours of labor in the application of an epoxy paint treatment in all nine bathrooms.

Also, many thanks go to Wayne Ferreira who used a marbleized painting technique on the auditorium marque. The effect is very attractive.

Our special thanks also to Andy Lynch, a teacher from Mattapoisett, who sprayed off the whole gymnasium taking 6 hours each day.

On Sunday, August 9th (the last day of the painting weekends) the raffle drawing took place. First prize winner was Karen Holmes of Mattapoisett who won $100. These cuts would eliminate the after school activities (sports and clubs at the Junior High), eliminate all High School clubs and programs that require an advisor (except the H.S. yearbook) and the sports program at the High School would be practically eliminated with only 2 sports per season, operating without a late bus.

These cuts have a direct impact on the students. In high school sports, if a team or teams withdraw from the league, the school may be asked by Massachusetts Interscholastic Athletic Association to leave the league if the teams don't contribute fully to the league. In order for a team to reenter the league, it could take them several years. A student who has played a team sport at Old Rochester Regional High School and then transfers to a private school, would have to wait one year before playing that same sport at the private school. Future citizens (students) need a well-rounded background in school activities as well as academics to succeed in today's world.

The next two School Committee meetings involved tri-town officials, School Committee members and parents trying to lay blame or find blame with what we noted as a communication gap. (That hopefully

will be resolved next year with a new advisory committee.) During one of these meetings, Richard Gamache, Mattapoisett Finance Committee Chairman, mentioned that Mattapoisett would have approximately $200,000 in free cash, when it is certified.

After that School Committee meeting we thought that funding the Mattapoisett share, $94,591, out of free cash may be a solution. We followed the process of petitioning the Selectmen for a special town meeting to see if the town would borrow, raise or transfer funds (from free cash) the money needed for the operational budget. In 4 days we were able to get the petition signed so that the petition would be in the Selectmen's hands by July 28th. The following Tuesday, August 4th, at the Selectmen's meeting, the Selectmen were concerned with the wording of the article on the petition. They decided to meet with the Mattapoisett members of the School Committee to discuss a second article to achieve the proper wording, satisfactory to all three parties. The article was written and a date, August 27, was chosen for the town meeting.

What is Free Cash?

Available funds or Free Cash, according to the Department of Revenue, is "The amount of the surplus revenue account over and above uncollected taxes of prior years constitutes 'free cash' or 'available funds' but (1) only on July first of any year and (2) only as certified by the director of accounts." The money in free cash comes from:

1) Past-Due Taxes collected by the Assessors.

2) Unexpended balance of general appropriations (money that was not spent by different departments is returned to this fund).

3) Money left over in free cash from the previous town meeting.

This money has to be certified by the Town Accountant and then by the Department of Revenue. Usually this money, free cash is used at the Fall Special Town Meeting for emergency measures, to pay extra budgetary expenses that have arisen or new article expenses (see page 118, '86 Town Report) and what money is left from this meeting is used at the Spring Town Meeting to reduce the tax rate.

Most of this letter has presented informational data but we felt that it was necessary to present this background so that the public understands what is happening. We have read over the Old Rochester Regional School Budget, and we feel it is a good budget. Overall the possibility of massive cuts would

dismantle a valuable piece of public property - yours, the kids', and mine. The impact of the dismantling will affect our community, because we need a strong public educational system. Students will have nothing to do after school (where will they be?) and most importantly students will be deprived of a well-rounded education that neither you nor I were deprived of because we had citizens who realized the value of a good education and who were willing to support it.

We are asking you, as citizens, of this fine community to support your schools by attending the Special Town Meeting and voting for funding so that the future citizens of this community are not deprived of the most valuable gift we can give ---- EDUCATION!

Vice Commander Roy Thomas. Thomas received his in June while Sherman and Brennan received theirs in July.

The AUXOP designation is achieved by very few members of the Auxiliary, and represents the epitome in achievements. A member must undergo training in the areas of Administration, Seamanship, Patrols, Search and Rescue, Weather Communications, and Piloting. Only after a member has been classified as a specialist in each of these seven areas, which includes both written and practical demonstration testing, is he awarded the coveted award.

The Coast Guard Auxiliary is dedicated to the purpose of promoting boating safety. At present, a new Massachusetts law has been passed that prohibits the operation of any vessel powered by more than 24.9 horsepower by a person less than 16 years of age unless he or she has a certificate issued by the Coast Guard Auxiliary. This law goes into effect on October 1, 1987. Courses will be advertised locally, and will be offered this coming Fall and Spring. Adult safe boating courses will also be advertised soon.

Anyone wishing further information may obtain it by writing: U.S.C.G. Aux., Flotilla 1-605, 80 Middle Street, Fairhaven, MA.02719.

QUESTION:

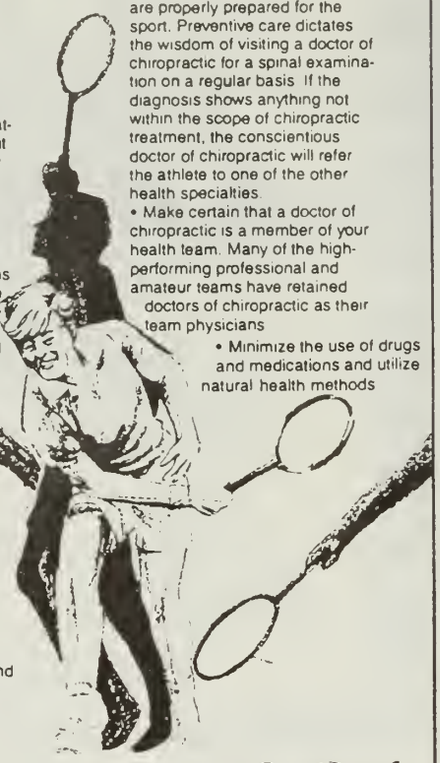
WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinary treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury nsk and fast recuperative powers.



Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Make certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods.

The course was organized by Bill Brittain and Bruce Cameron Williams who are pipe enthusiasts and band members.

Both Pipe groups wear regimental dress for parades. This consists of kilts and khaki shirts with sporrans worn on the front. The kilts are subdued blues and greens. This is hunting tartan of the Stewart clan which makes the wearer less visible in the woods.

Membership as well as admission tickets to the Museum for the day will be honored for these performances and will include admission to all the Museum buildings, exhibitions and grounds. Tickets are $5. for adults, children under 12, $2., five and under are free. The Museum en-

Barbership music is a truly unique American style of music consisting of four part harmony sung totally without accompaniment, and the Harmonettes are dedicated to actively promoting this style. They attend competitions twice yearly, one of which includes all the eligible groups from the U.S. and Canada, and have been chosen overall champion nine times since their inception 27 years ago. Their selections include songs from the late 1800s, Dixieland and those with a southern flavor including such favorites as "Gee What a Wonderful Day", "Keep Your Sunny Side Up" and "Zippity Doo Dah".

The Rotch-Jones-Duff House & Garden Museum is a private, non-profit organization. The Museum participates in the Massachusetts Cultural Alliance 'Share the Common Wealth' program. Through August 30th the Edwardian & Victorian Costume exhibit may be seen during regular tour hours included in the regular tour admission. Call 997-1401 for further details.
